SOCIAL PROBLEM SOLVING FIDELITY CHECKLIST

		Never	Rarely	Some of	Most of
Practice				the time	the time
1.	I introduce children to visuals in the classroom (e.g., Solution Kit) that can assist in solving problems between peers				
2.	I incorporate time for children to practice solving problems before they occur				
3.	I discuss social problem solving using book examples				
4.	When a problem between peers occurs, I recognize the problem and describe it for the children				
5.	When a problem between peers occurs, I discuss solutions with children				
6.	When a problem between peers occurs, I discuss consequences of potential solutions with children				
7.	When a problem between peers occurs, I facilitate children agreeing on the solution				
8.	When a problem between peers occurs, I ask children to try out the solution they agreed to
